THE OUTLOOK FOR

POLITICAL PURITY.

It being granted that municipal administration in America, it naturally follows that any promise of better things in our large cities has an influence for good everywhere. Such bright prospects seem to be looming upon the horizon of our hopes.

Within the past few years there has been an unprecedented broadening of political action. Issues have taken good partisans over party lines and the vague of independent voting has become general. The voter now things more of the men and the measures he is voting for than of the party emblem at the top of the ticket.

Every boss knows that his only salvation is in the blind following of party. Nobody votes for him or for anything he wants because of respect or conscience—it is simply and solely because of party. He rides the party to get in, and he gets in not because he is wanted but because he happens to be on the party.

Now voters want to know. They are tired of swinging open the gates of office to let in their own party animal without regard to the morals he carries on his back. Thus there is a disposition to examine the passengers and, if they are unworthy, to shut the gates in the face of the whole combination, including the party animal.

Another thing counts. When a corrupt combination finds a faithful officer—especially an officer having large powers in the enforcement of the laws—the immediate plan is to get rid of him. This gives opportunity to good citizenship. There are now several outbursts forming into independent movements, and they are preparing to make things lively in the autumn.

All these count. They convict the bosses even when they fail to defeat them. But this year it looks like both conviction and defeat. And the gain will be great.—Philadelphia Post.

It has been urged against the recent Republican primary in Louisville that it was illegal, because it was not held under the Carroll law. If this primary was illegal for that reason, the recent Democratic primary in McCracken county was illegal for the same reason, and if the move to prevent the names of the nominees of the Louisville primary from being placed on the ballot is successful, a similar move in this county could doubtless also be carried out. The McCracken primary was one of the most notoriously illegal ever held in this part of the state, and many good Democrats, even, do not hesitate to say so. The Democratic nominees may yet have trouble over it. A party that can get up no better primary than they did, and create as much dissatisfaction as exists, is very bold to criticize the Republicans for not holding a primary, especially when the Republicans do not need or want one.

It is now claimed that the American women who were thanked by King Edward of England, for the hospital ship Maine, were not deserving of it, as the Atlantic Transportation company and its president claim that the credit is due them. In a public statement the manager of the company expresses surprise that the king should have been misinformed as to the real donor of the Maine, and seems to deprecate the fact that the American women accepted thanks they were not entitled to. The other side is yet to be heard from, and it will probably be found that the ladies as usual, have sustained the reputation of American women for doing the right thing under all circumstances.

The Mayfield Water company will have to answer for its short-comings, whether they be the result of misfortune or negligence. Suits for nearly \$50,000 have already been filed against it for losses sustained during the recent big fire, and other ones are in prospect. The company is charged with failing to furnish water to the city in accordance with contract. It is alleged that the unprecedented loss sustained in the fire was largely due to the company's failure to furnish water.

A duly authenticated statistical report comes from Massachusetts showing that the Yankee is passing away.

IMPORTANT RULINGS

INTERNAL REVENUE COMMISSIONER TELLS WHAT ARE

Liabilities for Tax—Railroad Companies Still Have to Stamp Receipts—Time Extended for Brewers.

Several recent rulings of the commissioner of Internal revenue are of general interest. Among them is one that bonds of executors and administrators, which were formerly held to be exempt, as bonds used in legal proceedings, require to be stamped on and after July 1, 1901, in consequence of the omission of the exemption therefore accorded to such bonds.

The bonds of guardians, receivers, or trustees appointed by the court would also be liable to tax on and after July 1, 1901, for the same reason.

Other bonds used in legal proceedings, such as prosecution bonds, injunction bonds, bonds to stay proceedings, bonds upon appeals, bonds upon writ of error, bonds for cost, and bonds given in claim and delivery actions for property are not included in the terms of paragraph 7, of Schedule A, as amended and would not be taxable.

Under another ruling drafts not drawn at sight or on demand will be taxed. The commissioner says:

"A draft drawn with the words 'at sight' or 'on demand' is a draft drawn otherwise than at sight or on demand, and is liable to tax; also a sight draft on which is printed, 'if requested, hold until arrival of goods; allow inspection,' is a draft drawn otherwise than at sight or on demand, and is liable to tax. In the last case an option is given to the drawee by the exercise of which the draft may be payable at some time after sight."

It is further held that the exemption of express companies from giving stamped receipts for goods received by them for transportation made by the act of March 2, 1901, amending schedule A, act of June 13, 1898, does not apply to railroad companies and they will still have to place stamps on receipts.

The commissioner has extended until September 1 the time by which breweries must cancel beer stamps by perforation.

SOLD BEER.

JOHN STEEL CHARGED WITH A GRAVE OFFENSE—TRIAL TOMORROW.

John Steel, a young man formerly employed at Craig's livery stable, on South Third, will be tried before County Judge Emery tomorrow on a charge of selling beer at the barbecue at Fortson's bridge, in the county, yesterday. It is alleged that he took several half barrels out and was retailing them at a stand in the woods when arrested by Constable Portson. He tried to escape by running but was caught by County Attorney Graves who charged to be near.

Science has found that rheumatism is caused by uric acid in the blood. This poison should be excreted by the kidneys. FOLEY'S KIDNEY CURE always makes them well. J. C. Gilbert.

MARRIAGE IN CRITTENDEN.

Prof. Foster Bobb, of Carrsville, and Miss Willie Daniels, of Crittenden county, were married Wednesday.

Mr. John Tippet, Colton, O., says: "FOLEY'S HONEY AND TAR cured my little girl of a severe cough and inflamed tonsils." J. C. Gilbert.

FROM A RAT BITE.

Mr. Albert Anderson, a well known young man of Mayfield, is in a dangerous condition from blood poisoning resulting from a rat bite on the little finger.

COOL DAYS IN MICHIGAN.

GAN AND HOW TO ENJOY THEM.

Why stay in the sweltering heat where you are, when by a few hours travel on a fast train a delightfully cool temperature may be enjoyed with nights in which a blanket is necessary.

If you can afford to go, consider the advantages of a few weeks stay at Petoskey, Charlevoix, Traverse City, or some other of the numerous cool, delightful summer places in Michigan reached by the Pere Marquette railroad. The best train leaves Chicago at 7:30 p. m. every day except Sunday, with Pullman sleeper, and arrives at the Northern resorts early next morning. Your home agent can sell you excursion tickets to the Michigan resorts at reduced rates. Ask him about it, and get a copy of the pamphlets issued by the Pere Marquette Co., describing the various resorts, with hotel rates, etc.

If you cannot get on at home send to the Michigan Central railroad ticket agent at Chicago, or direct to H. F. Moeller, G. P. A., Detroit, Mich.

Man Erects Monument to Self.

Peter Meitler, of Luckhaven, Pa., wishes to be remembered after he has gone to the next world. With this end in view he has had erected in the cemetery at \$4,000 marble shaft surmounted by a statue of himself.

OF SPECIAL INTEREST.

TO HAY FEVER SUFFERERS.

Sufferers from hay fever and summer catarrh will be interested to learn that there is a new, simple, inexpensive but effective home treatment for this obstinate and baffling disease, and that a little booklet fully describing the treatment will be mailed free to anyone by addressing the F. A. Stuart Co., Marshall, Mich.

Doubtless this statement of a cure and positive preventative of hay fever will be received with skepticism by the thousands who have found the only relief every year was a change of climate during the summer months.

But whether skeptical or not it will cost nothing to investigate this new treatment. Simply send name and address on a postal card to F. A. Stuart Co., Marshall, Mich. for the booklet which besides describing the treatment contains a concise treatise on the cause and character of this peculiar disease.

A BEGINNING.

It was the persistence of a train boy that diverted the attention of Mayor Tom L. Johnson, of Cleveland, from the pursuit of dollars to be earned in promoting street railway enterprises, to a desire to labor for his fellow man that changed him from a scheming "monopolist" to a disciple of the late Henry George; that made him an enthusiastic advocate of the single tax. His option of the doctrine of three cent fares came later. It was a conversion and not an awakening.

It happened during a journey from Indianapolis, where Mr. Johnson was manager of a street car system, to Cleveland, where he expected to become owner of another. The train boy tossed into his seat a copy of Henry George's "Social Problems."

"Take it away," was the gruff command, but the boy heeded it not. Bored with his long ride, Johnson turned to the so-called volume for diversion. He turned its pages listlessly, reading a paragraph here and there at random. He became interested, bought the book and read it from cover to cover. He bought other of the works of Mr. George and perused them with equal avidity. This was the beginning of his career as a proselyte of the George doctrine of equal taxation.—Frank Leslie.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with FOLEY'S KIDNEY CURE.

"For years I have been greatly bothered with kidney trouble and enlarged prostate gland. I used every thing known to the profession without relief, until I was induced to use FOLEY'S KIDNEY CURE. After using three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles, for I can honestly state I have prescribed it in hundreds of cases with perfect success." J. C. Gilbert.

TAKEN TO THE HOSPITAL.

Mrs. Elizabeth Henderson, of Mayfield, arrived yesterday and after doing some shopping went to the depot to see about having her baggage hauled to the place she was stopping, when she became ill, and City Physician Sanders last night ordered her to the city hospital. She is better today.

Any advertised dealer is authorized to guarantee BANNER SALVE for better, eczema, piles, sprains, scalds, burns, ulcers and any open or old sore.

J. C. Gilbert.

WENT TO ALLENSVILLE.

Mayor Lang, Ben and Moses Starr, W. A. Davis, Hal Walters, H. C. Bronaugh and Charles Hinkle, well known members of the gun club, left last evening for Allensville, Ky., to attend the gun club shoot there. They expect to capture everything in sight.

WHAT TWO CENTS WILL DO.

It will bring relief to sufferers from asthma or consumption, even in the worst cases. This is about what one dose of FOLEY'S HONEY AND TAR costs. Isn't it worth a trial? J. C. Gilbert.

ONLY ONE APPLICANT.

The examination of applicants for county school superintendent's certificates began this morning at the county court house under the supervision of County Judge Emery. There is only one applicant, Prof. Marvin Ragdale, the Democratic nominee for the position. The questions were prepared at Frankfort by Supt. of Public Instruction H. V. McCaskey.

James G. Ambert, of Della, O., writes: "I had an obstinate sore on my face which everything else failed to heal. After one application of BANNER SALVE it began to heal and after three applications it was entirely healed leaving no scar." J. C. Gilbert.

NEW BAND AT CREAL.

Prof. Royster, of Evansville, with an elegant band of six pieces, is now at Creal and will remain there throughout the season.

The greatest healer of modern times is BANNER SALVE for cuts, wounds, sores, piles and all skin diseases. It is guaranteed. Use no substitute.

J. C. Gilbert.

PETITION IN BANKRUPTCY.

J. Robert Smithson, of Mayfield, filed a petition in bankruptcy this morning giving liabilities to the amount of \$745.65.

1845 RESULTS SHOW WHY 1901

The Mutual Benefit Life Insurance Company

OF NEWARK, N. J.

...Is the Best Company in Which to Insure Your Life...

Extract From The "Insurance Press".

LAPSING IN LIFE INSURANCE.

ENORMOUS VOLUME THAT TERMINATED LAST YEAR—MUTUAL BENEFIT HAS THE LOWEST RATIO.

"The factor of lapses in life insurance is one that will have to be figured upon more and more in the future, as business becomes more expensive and harder to get, says the Western Underwriter. Companies will need to spend more money and attention to hold business. It will not be so easy to replace a retiree as it has been. While new lives are constantly presenting themselves, yet the field is not a virgin one as it was back in the '90's and '70's. Some companies today are giving serious thought to new methods to make policies persist. The loss on lapses during the early life of a policy has been enormous. Many cause a drain on the resources that materially cuts down accumulations.

"Last year the total amount of insurance on the ordinary plan that terminated was \$552,173,884. The percentage of the amount lapsed to total amount terminated was 51.73 per cent. It is this new how vast a sum ran off the books by lapses, more than equal to the aggregate terminated by death, maturity, expiry, surrender and change.

"This should be taken home by the companies and thought over. It is too large an amount to be sloughed off. It means that old policy holders, to a large extent, have borne the brunt. "It cannot be laid to the door of the large companies, for there are some that exceed them by several points. The New York Life has a low lapse ratio, it being 30.59 per cent.

"Such companies as the MUTUAL BENEFIT and Connecticut Mutual have a low ratio, it being 20 and 21 per cent respectively. THESE RATIOS MEAN SOMETHING, and the time is coming when the methods pursued by companies that show a good record for holding business will command the public eye."

Among the companies having a lapse ratio of less than 50 per cent of the total terminated, beginning with the lowest are:

Mutual Benefit 20.06

Connecticut Mutual 21.49

New York Life 30.59

Mutual Life of Ky. 43.57

Northwestern 42.16

Those more than 50 per cent are:

Penn. Mutual 53.05

Equitable 55.99

Mutual Life of N. Y. 59.74

Fidelity Mutual 69.8

Union Central 67.63

Prudential (Ord. Br.) 83.24

Metropolitan 79.35

The lapse ratio records of companies should be studied well, because it is the highest ratio of all the terminating factors.

When a company becomes a sieve, so to speak, it is well to inquire the cause.

COLICKY FRETTEY TEETHING BABIES NEED LAXAKOLA

The Great Tonic Laxative

WATCH the children carefully. Their health, perhaps their lives, depend on keeping their bowels regular. Many parents make a mistake by giving their little children the old-fashioned, violent purgatives which are racking and griping, and are therefore not only unpleasant, but dangerous.

LAXAKOLA does not grip nor irritate. It is a pure, gentle and painless liquid laxative. It is not only a sure laxative, but it contains valuable tonic properties which not only act upon the bowels, but tone up the entire system and purify the blood. A few drops can be given with safety to very young babies, and will often relieve colic by expelling the wind and gas that cause it. Great relief is experienced when administered to young children suffering from diarrhea, accompanied with white or green evacuations, as LAXAKOLA neutralizes the acidity of the bowels and cures the cause of the fermentation. It will aid digestion, relieve restlessness, assist nature, and induce sleep. For constipation, simple fever, coated tongue, or any infantile troubles arising from a disordered condition of the stomach it is invaluable. At drugists, 5c, and 25c, or send for free sample to LAXAKOLA CO., 132 Nassau Street, New York, or 305 Dearborn Street, Chicago.

Healthy Old People

say the main thing to do is to keep the stomach, liver and bowels in order if you want to keep well and live long. Good physicians say the same thing, too. The remedy called

RIPANS TABULES

while not mysterious or miraculous in its curative qualities, is a simple formula prescribed by the best physicians for disorders of the digestive organs. Just little Tabules, easy to take, easy to buy and quick to act. If your trouble is Dyspepsia, Bilioussness, Headache, Dizziness, Constipation, Heartburn, and the like, no need of calling a physician. Ripans Tabules contain exactly what he would tell you to take. Permanent cure follows a fair trial. No uncertainty about it.

ONE GIVES RELIEF.

There is scarcely any condition of ill health that is not benefited by the use of a box of R. P. A. Tabules, and the price, ten for five cents, does not bear them out. Buy a box and try them. If you are not cured, your money will be refunded. For children the chocolate coated mark, 7 for 5 cents, are recommended. For sale by druggists.
